However, this phenomenon cannot be a reason for us to ignore the health protocols. It is because there is no cure yet which can combat the ferocity of the coronavirus. The most important thing that we can do is stick to health protocols so that we can break the chain of virus spread.

1. _____

In the early pandemic, most of the people are disciplined in obeying the health protocols such as wearing masks, washing hands, and keeping a distance. These days, there is a pandemic fatigue where people are tired of being restricted for months in this pandemic.

2. _____

In addition, CDC or Centers for Disease Control and Prevention recommends us to wear masks since it can prevent us from getting or spreading the virus.

3. _____

People are starting to abandon the habit of wearing masks and keeping their distance amid the pandemic that has been going on for nearly nine months. Is it okay to ignore the health protocols? The answer is absolutely no. We should keep obeying the health protocols because the pandemic is not over yet.

4. _____

Therefore, we need to continue to protect ourselves from exposure to the virus for the good of ourselves and others. To overcome fatigue in the midst of a pandemic, we can try to keep in touch with the people closest to us so that we do not feel bored. We should remember that everyone can be exposed to viruses and vaccines still cannot be used, so it is important to always implement health protocols, especially when there is an urgent matter that requires us to leave the house.
