My cat, Tigger, hates it when I use my iPad (0) so it takes my attention away from him. One year, I had (1) the fall at home and was on the floor for six hours. During this time, I (2) am unable to move and couldn't get to the phone to call for help. Tigger stayed by (3) mine side until he vanished under my bed. To my surprise, he started to push something (4) below me. It was my iPad, (5) whose I didn't realise had fallen off the bed and onto the floor underneath. He probably didn't know what it was, but he (6) known that it made me happy. Thanks to Tigger, I was able to contact a friend, (7) which then contacted emergency services. I spent the entire week in hospital (8) recover. When I returned home, I bought Tigger a salmon out of gratitude.
