

Seldom

Scarcely

WRONG

Not only

Under

No sooner

At no time

WRONG

no circumstances
should you send
personal emails on
the office computers.

do I spend time with
my friends during
the weekend

had I read a
newspaper article that
is so full of mistakes.

had we met when
she started telling me
her life history.

the lesson had
started than the
fire alarm went off.

did Veronica arrive
late for class but she
was also rude to her
teacher.

had we got on the
train than we realised
it was going in the
wrong direction

during the interview
did I not lie about my
qualifications.
