Exercise 2: Remember the story. Read the summary and complete the words.

The children see a triceratops eating ⁽¹⁾ bushes. Alex walks towards it. Phoebe says that he might ⁽²⁾ s it. The dinosaur quickly walks away, but it's not Alex who is scaring it. It's a ⁽³⁾ g of small dinosaurs which are coming out of the jungle. Patrick says that they don't need to ⁽⁴⁾ w because the dinosaurs are only small. Then one of them opens its ⁽⁵⁾ m and shows lots of sharp ⁽⁶⁾ t. Alex knows that they are velociraptors and he knows that he is in trouble as they make a ⁽⁷⁾ c around him. Suddenly a huge ⁽⁸⁾ h appears and grabs one of the small dinosaurs, so the others run away. The children are now safe from the velociraptors, but in big ⁽⁹⁾ d from a T-rex! They start to run and just as the huge ⁽¹⁰⁾ d is going to catch them, they are picked up by a pterosaur in its ⁽¹¹⁾ b. The flying dinosaur takes the children back to its ⁽¹²⁾ n and drops them towards its ⁽¹³⁾ h babies. Luckily, the gate appears and takes the Time Travellers back to the safety of their ⁽¹⁴⁾ c.

Exercise 3: Answer the questions.

1. Why does Patric think that Alex is mad?

2. Why isn't Alex scared of the triceratops?

3. What are the velociraptors doing when the T-rex appears?

4. What does the T-rex do when the pterosaur grabs the kids?

5. What does Mr Davis ask?

Exercise 4: How much do you remember about the Time Travellers' adventures? Do the quiz!

- 1 What sport are the children watching when Patrick hurts his foot?
a Boxing ☐ b Fencing ☐ c Wrestling ☐
- 2 What do the children help Mr Fisher put on his cart when they are escaping from the Great Fire of London?
a A table ☐ b A chest ☐ c Some chairs ☐
- 3 What does Professor Potts' Homework Express give as the answer to $2,345 \times 4,567$?
a New York ☐ b London ☐ c Paris ☐
- 4 What are the NASA engineers all drinking when they fall asleep?
a Tea ☐ b Coffee ☐ c Hot chocolate ☐
- 5 What rescues the children in the North Pole?
a A boat ☐ b A ski-doo ☐ c A helicopter ☐
- 6 What scares the triceratops?
a A T-rex ☐ b Some velociraptors ☐ c A pterosaur ☐
