Dogs are man's best Friend. This is definitely true. I tink everyone should have a dog as a pet. one advantage of having a pet dog is for protection. What if someone are trying to attack you? Your dog will most likely came to your aid and scare the attacker away. They may even go as far as biting or mauling the attacker? Also, if a criminal breakkes into your home, the dog can give you a warning. In this way, dogs are much cheaper than a alarm system. In addition, if someone is lurking in the bushes around your home, you may not sea them. However, dogs have a keen sense of smell and they would be able to detect someone strange and defend you like a bodyguard. Who wouldn't want this kind of cheap protection.
