

❖ Si cada pintadera tiene un valor de 10 unidades = 1 decena.  
¿Cuántas unidades necesitas para llegar a 200?

|                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                    |                                                                                     |                                                                                     |
