

## CONCEPT COMPARISON

In this question you compare two excerpts of music. You must first identify concepts present in each excerpt and then decide which five concepts are common to both excerpts. Both excerpts will be played three times with a pause of 10 seconds between playings. As you listen, tick (✓) boxes in Column A and Column B to identify what you hear in Excerpt 1 and Excerpt 2. These columns are for rough work only and will not be marked. After the music has been played three times you will be given 2 minutes to decide which concepts are common to both excerpts and to tick (✓) five boxes in Column C.
