Turcara is a family enterprise with an integral tourist project located at the Chihuido \_\_\_\_\_ at 35 km from the city of Malargüe.

This touristic \_\_\_\_\_ offers a tour to observe the marvellous panoramic views discovering lookouts, a crystalline \_\_\_\_\_, rock gullies and \_\_\_\_\_ fossils, an ideal activity for those who enjoy walking and being in contact with nature, observing the flora and \_\_\_\_\_ of this beautiful place.

You may also have a complete adventure tour which starts by crossing a \_\_\_\_\_ bridge at 20 meters high, following by a walk through the bivalve area where you will be able to see 160.000.000-year-old sea \_\_\_\_\_ and also learn about fossilization processes and the history about the hill formation. This adventure continues by the ferrata road going all over a natural balcony at more than 60 meters high and then entering to a \_\_\_\_\_ where you will be explained about its formation process. After the cave, you will go through a bridge and the bravest through the abyss bridge and finally a magnificent 90 meters \_\_\_\_\_ for more than 400 meters.

However, for those who do not wish to do any of the proposals you may enjoy nature at the \_\_\_\_\_ area or at the \_\_\_\_\_ shop where you can ask for a \_\_\_\_\_ hamburger or buy a regional souvenir.
