

ACTIVITIES N°3

1. Read the text. Then, write (T) if the sentence is true about synchronized swimming or (F) if the sentence is false

Synchronized Swimming

There are many beautiful sports. One of them is **synchronized** swimming. Here are some interesting facts about this sport:

Did you know that synchronized swimmers don't touch the bottom of the pool during a presentation? They compete and **train** in pools almost 3 meters deep. They wear nose clips or **plugs** to avoid water getting into their nose when they are underwater. Did you ever ask yourself how they are so synchronized with the music even when they are underwater? Well, that's because they have a portable underwater speaker.

These athletes swim and dance through the water so smoothly. Synchronized swimming demands a lot of physical strength and muscle control. So next time you watch a performance, you will be even more impressed knowing how hard it is making each move!
