

Concept CW_Grade-3_Multiplication and Division

Multiplication and Multiplication Facts

Multiply your number by 100, write half of that number, again write half of that number. Your answer will be equal to your number \times 25.

Your number is = 30
Multiply by 100 = $30 \times 100 = 3000$
Half of that = 1500
Half of that = 750
so $30 \times 25 = 750$

Your number is = 92
Multiply by 100 = _____
Half of that = _____
Half of that = _____
so _____ \times _____ = _____

Your number is = 72
Multiply by 100 = _____
Half of that = _____
Half of that = _____
so _____ \times _____ = _____

Your number is = 108
Multiply by 100 = _____
Half of that = _____
Half of that = _____
so _____ \times _____ = _____

Your number is = 80
Multiply by 100 = _____
Half of that = _____
Half of that = _____
so _____ \times _____ = _____

Your number is = 100
Multiply by 100 = _____
Half of that = _____
Half of that = _____
so _____ \times _____ = _____
