

# Content HW\_Grade-5\_Geometry

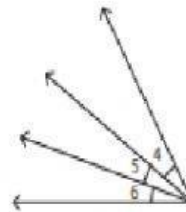

## Adjacent Angles & Linear Pairs

1. Identify the two pairs of adjacent angles in each figure.

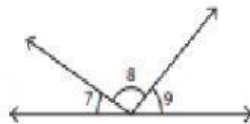

1)

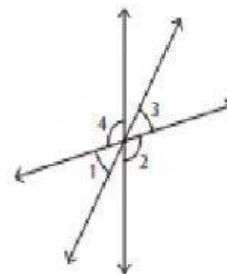

2)

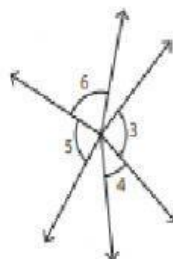

3)

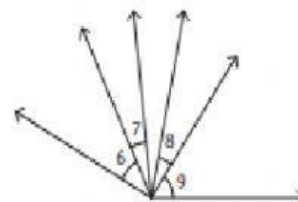

4)

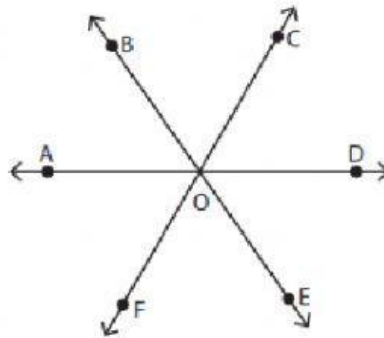

5)

6)

2. Identify the angles that make a linear pair with each specified angle.

- |                 |       |    |       |
|-----------------|-------|----|-------|
| 1) $\angle AOB$ | _____ | or | _____ |
| 2) $\angle FOD$ | _____ | or | _____ |
| 3) $\angle COD$ | _____ | or | _____ |
| 4) $\angle AOF$ | _____ | or | _____ |
