

Listen and complete the song with the quantifiers below:

a few (4) little many enough no (4) any too much some

much a lot both nothing all (2) plenty

TEARS WILL BE SHED

VERSE 1

This is my story, it began years ago
And in hours it will come to an end
For the gallows are waiting to take me away from here
And the women I wronged will have their revenge

CHORUS

And I know that in the end
I will want more days with you
And I fear that when I go
 tears will be shed

VERSE 2

I am hated by of men who I'd stolen from
And by of their wives who gave me their hearts
I cared very what of them thought of me
Or that stealing their kisses could do so harm

CHORUS

Yet I know that in the end
I will want more days with you
And I fear that when I go
 tears will be shed

VERSE 3

That is of my story I wanted to share with you
It's not worth , but then nor is my love
 of us now have to go on our separate ways
And of you is never

CHORUS

'Cause I know that in the end
I will want more days with you
And I fear that when I go
 tears will be shed

Yes I know that in the end
I've done to deserve your love
But I fear that when I go
 tears will be shed
