

Choose **a, an or the** where necessary.

Mysterious ghost lights are frequently seen near _____ town of _____ Marfa in _____ Chihuahuan Desert in _____ Texas in _____ USA. They are basketball-sized balls of light that bounce around during _____ night and they have puzzled visitors and locals for more than _____ century.

_____ first reported sighting dates back to _____ 1883 when Robert Ellison claims to have seen 'ghost lights' shining for days. Many people now believe that _____ 'Marfa Lights' are actually just reflections from car headlights. Some true believers still won't accept, however, that there is probably _____ ordinary explanation for _____ lights. There is even _____ viewing platform in _____ area where hopeful light spotters can go!
