From: Sandra Noble
To: Smithville Garden Center
Date: March 25
Subject: Flowers

Hello,

My name is Sandra Noble. My friend said your garden center is the best, but it's far from my house. I want to ask you for some advice, and maybe I'll visit your garden center next week. My husband and I bought a house in Smithville in January. This spring, we want to plant some flowers in front of our house. I don't have much time for gardening every year, so I want flowers that live longer than one or two years. What kind of flowers would be good?

Sincerely,
Sandra Noble

From: Smithville Garden Center
To: Sandra Noble
Date: March 25
Subject: My advice

Dear Ms. Noble,

Thanks for your e-mail. Flowers that live longer than two years are called perennials. We have lots of perennials at Smithville Garden Center. Many of them are easy to take care of, but different flowers need different things. Some flowers need lots of sun, but others don't. Some flowers even like dry soil.* You said you wanted to put the flowers in front of your house. How many hours of sunshine* does that area get? Is the soil dry? What colors do you like? I'll be at the center every day next week from eight until noon.

Best wishes,
Gary Logan

Subject: Thank you

Hello Mr. Logan,

My front yard has some big trees, so it doesn't get much sun in summer. The soil is a little wet. I'd like to have some pink or blue flowers. I'll come and visit your garden center and speak to you next Wednesday.

Sincerely,
Sandra Noble

*soil: 土

*sunshine: 日光

Phar Lap

Around the world, many people love to watch horse racing. Each year, thousands of horses take part in races. Most of them don't win, but sometimes there are horses that become famous. One of these horses was from New Zealand, and his name was Phar Lap.

Phar Lap was born in 1926. His father was a champion racehorse, so Phar Lap's owners thought he would run fast, too. But when Phar Lap was young, he was thin and weak,* and he lost every race he took part in. His owners weren't happy with him, so they sold him to an American businessman named David J. Davis in 1928. The trainer* for Phar Lap was a man from Australia named Harry Telford.

When Telford saw Phar Lap for the first time, he was very surprised to see the horse's bad health. However, he thought Phar Lap could become a successful racehorse, so they began training very hard together. Phar Lap became stronger and grew to 174 centimeters tall. Although he lost his first few races in Australia, in April 1929, he finally won his first race, the Maiden Juvenile Handicap in Rosehill.

After that, Phar Lap became much more popular with people. Between 1929 and 1931, large groups of people came to watch his races in Australia and other countries. During this time, he won 36 of the 41 races he took part in. He also made many new world records.* Because of this, Phar Lap will always be remembered as an amazing racehorse in the history of horse racing.
