## Job and career

People think that being an actor is quite (1) *glamorous*. — all those parties and premieres. And of course, premieres are exciting evenings — it's incredibly (2)r\_\_\_\_\_ to see the result of all your hard work. But on film or TV sets, you have to wait around for long periods of time. It can actually be quite (3)d\_\_\_\_\_. I'd like to be a (4)f\_\_\_\_\_ actor, but I don't have enough work. Also I can't take a (5)p\_\_\_\_\_ job because I might have to leave at any time. Acting is quite (6)w\_\_\_\_\_ but I've got a lot of bills to pay! So, in the afternoons, I have a (7)t\_\_\_\_\_ job in an office. The work isn't difficult. In fact, I wouldn't want anything too (8)c\_\_\_\_\_. I need to be awake in the evenings to learn my lines! I can't imagine doing an everyday job — it's too (9)r\_\_\_\_\_ for me. Acting isn't (10)s\_\_\_\_\_ at all. But earning enough to live can be. My office job isn't (11)b\_\_\_\_\_, but it's only (12)p\_\_\_\_\_. I'm just waiting for a lucky break!
