My Best Friend

My best friend is Tuğba. We have been friends since we little. As children, we went to the same school in Istanbul. Now, Tuğba is married to an Italian. Has a son. We still live in the same city, but on different sides. I live on the Anatolian side and Tuğba lives on the European side. Istanbul a huge city and takes a lot of time to travel from one side to another. We meet at least once a month. Keep in touch by phone and text messages. We be friends forever.
