

PUBERTY

- Puberty is the time when your body begins to develop and change as you move from kid to adult.
- The body goes through many changes.
- Everybody experiences the same changes, but not at the same time.
- Usually, puberty starts between ages 8 and 13 in girls and ages 9 and 15 in boys.

HomeWork #4

1. Watch these videos about puberty in boys and girls (watch both videos)
