BIRTH ORDER

Are you an only child? Are you the eldest child? Or the baby of the family? According to some people, your position in your family can change the kind of person you are.

1 .....

You are often very careful because you want to do everything right. You were first, so you are the example! You like doing your homework, you like making lists and you like planning. You don't like anything unexpected. (unless you arrange it) and you want to make people happy, so it can be hard for you to say no.

2 .....

You consider other people's feelings and you hate it when people don't agree with each other. You like it best when everyone is happy. You're friends with all your brothers' and sisters' friends – both older and younger. You can be really funny, too.

3 .....

You never do anything wrong! You are the baby of the family and everyone loves you! You want everyone to watch you. You love people and people love you! For a job, you would be good at selling things. Oh! And you love surprises!

4 .....

By the age of seven, you were already an adult. You've always had adults, not children your own age, in your life. You're good at everything you do. You love reading and you have a clear view of the world. Your favourite word is 'very'. You hate it when you don't succeed. You prefer being with people who are older or younger than yourself – not the same age.
