V. Read the story and decide if each statement is True (✓) or False (×)

John started to tell us about his first working day. "It was my first day at work and that day was terrible. I met a child who was seven years old, and he crashed into me and made my cup of coffee drop. Then I went to the elevator, which had fourteen people inside, and I could not press the button. Hence, I had to wait for the elevator to move up and down five times before I could get to the right floor. Finally, I was fifteen minutes late for work. Even when the day seemed to get better, I got twenty-three calls from the customers to complain about our service! Fortunately, since then I have worked here for twelve months and everything has been settled."

	Statements	True	False
0.	John met a child who was seven years old.	✓	
1.	There were nineteen people in the elevator when John came in.		
2.	The elevator moved up and down six times before John got to the right floor.		
3.	John was fifteen minites late for work.		
4.	He got twenty-five calls from the customers.		
5.	John has worked for his company for twelve months.
