

ASIGNATURA: INGLÉS BÁSICO I

LICENCIATURA EN INSTRUMENTACIÓN QUIRÚRGICA

FECHA: 16/08/2022

EVALUACIÓN PARCIAL N°:

1) Read the text below. Then, mark the following statements as true (T) or false (F).

- a) The hospital is beginning construction to repair damages.
- b) The radiology department is on the same floor as the cardiology department.
- c) Patients have to go through the pathology department to get to orthopedics.

St. Sebastian's Hospital wants to give its patients the best care possible. In order to do this, we need to update our facilities from time to time. As a result, we are starting some construction projects today.

*Some departments are temporarily moving during construction. The **cardiology** department is now in the basement across from the **radiology** and **pathology** departments. **Obstetrics** is on the second floor next to **pediatrics**.*

*Access to other departments is limited. The entrance to **orthopedics** is now through the **dermatology** department. The **surgery** wing of the hospital is only accessible through the lobby elevators.*

*The **emergency** room and the **pharmacy** are unaffected.*

2) Write a word that is similar in meaning to the underlined part.

- a) Andrew's son is sick, so he takes him to the department that deals with the care of children.

_ _ d _ _ t _ _ c _

- b) The patient needs medicine so he goes to the place where pharmacists distribute pharmaceutical drugs.

p _ _ r _ _ c _

- c) Employees in the department the studies and diagnoses diseases must wear gloves and goggles.

_ a _ _ o l o _ _

- d) Doctors in a medical field that uses instruments to operate on patients need very steady hands.

s _ _ g _ _ y

- e) Saul works on an ambulance, so he sees plenty of situations in which someone's life is in danger.

_ _ e _ g _ _ c _ _ s

3) Check the sentence that uses the underlined part correctly. Write: YES

1)

- A) Ralph is at the cardiology department because his heart is beating abnormally.
B) Doctors in the pathology department respond to emergency situations.

2)

- A) Francesca is going to the surgery department to pick up her prescription.
B) Wendy has a broken leg so she's going to the orthopedics department.

3)

- A) The pregnant woman is in the obstetrics department.
B) Doctors who work in the pathology department only care for children.

4)

- A) Doctors usually perform surgery in the pharmacy.
B) Gregory takes x-rays in the radiology department.

5)

- A) The pediatrics department is where doctors inspect organs to diagnose diseases.
B) Joe is at the dermatology department to get his rash examined.

4) Identify and translate 10 nouns in the text about St. Sebastian's Hospital.

5) Read the text below. Make the sentences negative

Some hospitals specialize in particular conditions like cancer or psychiatric illness. Other hospitals specialize in particular types of patients like geriatrics, children or the terminally ill. However, the best known type of hospital is the general hospital which deals with almost everything, has ambulance crews and beds for both intensive care and long stay.

A big general hospital has many different specialist departments. Identifying departments can be confusing because different hospitals use different names for the same thing. For example, one hospital may have a 'children's unit' which a different hospital calls 'Paediatrics'. Accident and Emergency (A&E) in one hospital is called 'Casualty' in another.

There are many other examples. The department that specializes in heart problems, is sometimes called 'Coronary Care'. Others call it 'Cardiology' or 'Cardiovascular medicine'. Nephrology, the department that treats illnesses of the kidney is sometimes called 'the Renal Unit'. Gastroenterology (digestive system) is sometimes 'the Department of Hepatology'.

Hospital staff often use abbreviations for departments. For example, they refer to 'Obs and Gynae'. This is a department combining Obstetrics (pregnancy), and Gynaecology (women's reproductive organs). They call Otolaryngology, 'ENT' (ears, nose & throat), mostly because it is much easier to say.

A) Some hospitals specialize in particular conditions.

B) A big general hospital has many different specialist departments.

C) Hospital staff often use abbreviations for departments.

D) Nephrology, the department that treats illnesses of kidney is sometimes called "the Renal Unit"

E) The best known type of hospital is the general hospital.
