

Passive Voice / Causative Form

1. Complete the sentences with the correct passive form of the verbs in brackets.

- Jane (examine) by the doctor right now.
- Some medicine (just/give) to the patient by a nurse.
- Antibiotics (prescribe) by doctors to fight disease for many years.
- In the past, many patients (infect) each year in dirty hospitals.
- The operation (do) tomorrow.
- Carbohydrates can (find) in bread, rice, pasta and potatoes.
- A wound must (clean) before you put a plaster on it.
- Cigarettes (know) to cause lung cancer.

2. Rewrite the sentences in the passive.

- The boys walk the dog every day.
- Someone is cleaning the window now.
- Clive hasn't cut the grass yet.
- She didn't invite us for the wedding.
- You can't use cameras inside the museum.
- They will open the new sports centre soon.

3. Rewrite the sentences using the causative form.

- A nurse has just removed Jennifer's bandages.
- The optician will check Benjamin's eyes.
- The hairdresser is going to cut my hair tomorrow.
- Someone is going to repair our roof next week.
