

ESL 4 Health Listening: Insurance

Click play to listen. Choose the correct word to complete the sentences.

Well, I'm Carlos. I work for the student services department. Basically, what we do _____ in the case management area is that we help with _____ resources and government resources. Today I'm going to be sharing information about _____ and also _____ about how to determine when you should go to a _____ care or an urgent care facility or to the _____ room. Ok. And thank you for being here.

Ok, so as I mentioned before, I'm going to talk about _____. Also, a little bit of information about _____ care, primary care and _____ room. Ok. At the end of the presentation, I'm going to share some _____ information so if you have any _____ or if you want more information about it you can _____ us.

So what is _____ insurance? _____ insurance is a cover that _____ you to cover medical _____ for illness, _____ and conditions. Ok. And it's _____ to have a health insurance because you _____ when something can _____ to you. I'm _____ right now. Maybe I go out to _____ my dogs and I _____. It's raining so it's a little bit slippery and I fall and I need to call _____. An ambulance, _____ health insurance, just to give you an idea, could be _____ all depending on the company. _____ health insurance, it could be _____, all depending on the health insurance. So, a health insurance is a _____ that helps you to pay for your _____ expenses. Ok. It's something that you pay, usually _____ month. But if you _____ to go to the _____, the health insurance is going to _____ the expenses between you and the company. Does that make sense? Yes? Ok.

Okay, so _____ do you need health insurance? Because _____ happen. As I mentioned before, you are _____ right now. Maybe you go out to _____ the dogs or maybe you go to _____ or something like that and you have an _____. Ok. Go to the _____, go to the doctor, go to the emergency room _____ health insurance can be very _____. Actually, there are cases of persons that go into _____ because they receive _____ that is too high. And I'm not playing. Last semester, I _____ two students in our school that they _____ to our office with a _____ that was over _____ and they didn't have _____. They need to make a _____ plan and they need to, they were, you know they need to _____ for that because if they don't do it, they _____ that bill to collection. So health insurance is _____.

Another _____ why health insurance is important, it is because _____ you have health insurance you _____ for the doctor you _____ to go and not necessarily the one you can _____. So when you _____ health insurance, it's _____ for you to look for a _____ doctor. When you _____ health insurance, probably what you are going to look for is for _____ doctor instead of the good doctor. So when you have health insurance, you have access to _____ doctors, to a bigger _____ of doctors. And it's good also because if you have kids, if you're _____, or for yourself, you want to know what's going on _____ your body. So you want to go to the doctor every _____ months or every _____ to do your physical, to check your _____ your levels in your blood. This is a lot _____ when you have _____.
