

EXERCISE 6

Grammatical range means using a variety of tenses and types of sentences. You can improve your *grammatical range* by using a variety of phrases.

Read the task card. Then watch the video of a student doing IELTS Speaking Part 2 and look at the sentences she uses. Match the phrases in the box with the underlined words which have a similar meaning.

Describe a job you would like to have. You should say: - what the job is - what you know about that job - what study or training you would need to do so you can get that job and explain why you would like to have that job.	 play.MP4
