EXERCISE 7

Grammatical range means using a variety of tenses and types of sentences. You can improve your *grammatical range* by using a variety of phrases.

Read the task card. Then watch the video of a student doing IELTS Speaking Part 2 and look at the sentences he uses. Add a phrase from the box to each sentence. This will help improve the *grammatical range.*

Describe a job you would like to have. You should say: what the job is what you know about that job what study or training you would need to do so you can get that job and explain why you would like to have that job.	 play.MP4

Following that,	I have always thought that	It is said that
Most importantly,	What's more,	

1. _____ the job I would like to have is professor.
2. _____ professors can usually study something that they want, ... and also study alone.
3. I would also like to teach ... because my parents are teachers. ... _____ I used to teach my friends.
4. _____ to be a professor I need a doctorate.
5. _____ I'd go to another country, like England, to get a post-doctoral job.
