Let's Have a Nice Meal!

Last week I invited all my friends to have a nice meal. I put all the **brushes** (1) on the table and **a tea towel** (2) next to every **chair** (3). First, we had a starter. I cooked tomato soup and put it into the **glasses** (4) on the table. Everybody started to eat the soup with their **knives** (5). After the starter we had meat and potatoes and a salad with **purple** (6) dressing. I put the meat on **the teaspoons** (7) and the potatoes in **the bottles** (8). For the salad we used my wonderful yellow **cups** (9). We cut the meat with our **spoons** (10). The meat was good - **green** (11) and **hard** (12). For dessert we had strawberry and **onion** (13) ice cream with **white beans** (14) and a vanilla sauce.

Afterwards everybody drank a **saucer** (15) of coffee with **salt** (16) and **pepper** (17). It was a wonderful evening but the next morning everyone was sick. I can't understand why.

After finishing the task, enjoy the view of Ramenskoye:
