

► **Listening for specific facts**

When you **listen for specific facts**, you want particular information like a person's name, a price or a telephone number. Again, other details aren't important and you don't need to understand every word. This is like the reading skill of scanning.

 Listen to five short extracts and write down the names of the places that you hear.

1 2 3 4 5

3  Listen to five short extracts and write down the numbers that you hear.

1 2 3 4 5

Listen and write.
