

READING & LISTENING

Reading

A |  Read and listen.

Which degree is right for you?

Do you want to make more money? Do you want to start your own business? Check out Grand University's business program.

We have the best business program in the area. You will learn accounting, management, and other useful skills. Our two-year business degree will prepare you for your dream job. Eighty percent of our graduates find management jobs soon after they graduate. Come to our open house next month and find out if this degree is right for you!

Do you want to help the environment? Do you want to go to college but hate sitting in a classroom? The farming program at Organics College might be right for you.

We teach students how to build and manage small farms that are sustainable and beneficial for the environment. We also teach about agricultural policy and local food systems. All students will work on our campus farm. They will learn about livestock, draft horses, and farming machines. Students will also be able to work in our dairy and visit other local farms. If you want a great degree that will help you make a difference, fill out an application today!

B | Read the sentences. Write *T* (true) or *F* (false).
