Abidemi: Hi. So Rory.

Rory: Yeah, hi.

Abidemi: Hi. Are you an introvert or an extrovert?

Rory: I'm not sure, you know. Sometimes I think that I'm \_\_\_\_\_ an introvert. Like as I get older, I much prefer my \_\_\_\_\_.

Abidemi: Interesting.

Rory: I don't really like going to \_\_\_\_\_ that much if there's going to be new people there. If it's my \_\_\_\_\_, I'm happy to \_\_\_\_\_, but I don't know. What about you?

Abidemi: It's \_\_\_\_\_ what you said. I feel the same \_\_\_\_\_. I think sometimes I'm an introvert and other \_\_\_\_\_ I can be an extrovert. But maybe in \_\_\_\_\_ to what you said. I feel like the \_\_\_\_\_ I get, the more \_\_\_\_\_ I become.

Rory: That's interesting.

Abidemi: While I was \_\_\_\_\_, I was a lot shier, so I \_\_\_\_\_ my own company. But now I find that sometimes too, I really \_\_\_\_\_ people. So I like to meet new ones. So yeah.

Rory: Yes. In the \_\_\_\_\_, as a teacher, I'm quite an extrovert I think. I quite like being up in \_\_\_\_\_ of students and showing off, but I would never do that in front of \_\_\_\_\_ teachers or my friends, in my \_\_\_\_\_ life.

Abidemi: Interesting.

Rory: But something about the classroom maybe because it's my \_\_\_\_\_ and I'm in \_\_\_\_\_ that I feel more \_\_\_\_\_, like being more extroverted and showing off, camping up.

Abidemi: I think it would be a little \_\_\_\_\_ to be \_\_\_\_\_ if you were a \_\_\_\_\_ teacher. I think it certainly helps to be extroverted or to \_\_\_\_\_ to be able to \_\_\_\_\_ more extroverted when you're in the classroom for sure. For sure.

Rory: Yeah. And have you ever done anything really extroverted, like \_\_\_\_\_ in \_\_\_\_\_?

Abidemi: Before I \_\_\_\_\_ to sing actually, and I have \_\_\_\_\_ in \_\_\_\_\_.

Rory: Right.

Abidemi: And it's true. I think that's where my introverted \_\_\_\_\_ really comes out because although I enjoy singing and I like the \_\_\_\_\_ to a certain extent, but I get really \_\_\_\_\_. Really, really nervous when I'm in front of a large \_\_\_\_\_. And sometimes I'm like, "Why am I doing this to \_\_\_\_\_? Why am I here?"

Rory: Yeah.

Abidemi: But yeah, I don't do that so much anymore.

Rory: Right. And do you think people can \_\_\_\_\_? Do you think people – because people \_\_\_\_\_ to want to become more extroverted? It seems to be like \_\_\_\_\_ says extroverted people are \_\_\_\_\_ people.

Abidemi: It's true.

Rory: Do you think people can change or do you think people should try to change?

Abidemi: I've heard of actually people saying that \_\_\_\_\_ on the language that people change with the language. I've heard of some of my students saying that when they \_\_\_\_\_ in a \_\_\_\_\_ language, their \_\_\_\_\_ actually changes, where maybe in their own language, they may be quieter. But when they speak the different language, they become a lot more extroverted.

Rory: Right.

Abidemi: It's as if they change. So whether or not it's a real change I think you can "\_\_\_\_\_ it" quote-unquote even if you're not an extrovert or an introvert. Maybe for a few hours or for the \_\_\_\_\_. Yeah, you can \_\_\_\_\_, and then go back.

Rory: Right. I wonder if when we speak a different language, we don't have the same \_\_\_\_\_ with the words.

Abidemi: That's true.

Rory: It makes it \_\_\_\_\_ to maybe speak more \_\_\_\_\_ and not \_\_\_\_\_ about what other people think of us.

Abidemi: That's true.
