

Fill in the blanks.

a

	Thousands	Hundreds	Tens	Ones
6				6
6×10			6	0

$$6 \times 10 = \text{[]}$$

The number becomes 10 times bigger. So, the digits shift one place to the left in the place value table.

$$6 \text{ ones} \times 10 = 6 \text{ tens} \\ = 60$$

b

	Thousands	Hundreds	Tens	Ones
95			9	5
95×10				

$$95 \times 10 = \text{[]}$$

c

	Thousands	Hundreds	Tens	Ones
264		2	6	4
264×10				

$$264 \times 10 = \text{[]}$$
