

The Profession of being a Nurse

Nurses have a lot of duties. What duty is the most important? What is the least one? Mark the duties between 1 (it is not very important) and 9 (it is very important). Compare your answers with a partner.

- ✚ to read carefully the doctor's instructions;
- ✚ to be sure of drug dose, time and method of giving;
- ✚ to look after the patients in the daytime or at night;
- ✚ to notice any changes in the patients' condition;
- ✚ to feel the patient's pulse;
- ✚ to see any changes in the beating of the pulse and immediately tells the doctor;
- ✚ to measure and record the patient's temperature, respiration, height and weight;
- ✚ to collect blood and urine specimens;
- ✚ to give injections.
