

### 3<sup>rd</sup> GRAMMAR UNIT 8

### have to / has to

Have to usually expresses an external obligation.

| (+)                    |                        | (-)        |                        |
|------------------------|------------------------|------------|------------------------|
| I / You /<br>We / They | have to                | do         | homework.              |
| He / She               | has to                 |            |                        |
| (?)                    |                        | (+)        |                        |
| Do                     | I / you /<br>we / they |            | I / you /<br>we / they |
| Does                   | he / she               | have<br>to | do                     |
|                        |                        | homework?  | do.                    |
|                        |                        | Yes,       | he / she               |
|                        |                        |            | does.                  |
|                        |                        | No,        | he / she               |
|                        |                        |            | doesn't.               |
