The British Museum is a museum in London. It is very famous all over the world. It is dedicated to human history, art and culture. Every year nearly 7 million people visit museum and entry is totally free of cost for all visitors. It was founded in 1753 by Sir Han Sloane, a scientist and physician. The museum opened to the public on 15th January 1759 and it contains more than 8 million objects, but not all are displayed. The museum is divided into different departments. In the Ancient Egypt department, visitor can see the Rosetta Stone. The important inscribed stone helped historians to understand hieroglyph-ics, the Ancient Egyptian writing system.
