

1. **Answer the questions. Make up a short story about the song.**

A young girl
To fall in love with a guy
To have feelings for him

How does she describe her feelings? Find the phrases with the ones from the lyrics.

I want to know about you	
I have all kinds of feelings	
I don't want to lose my mind	
I become speechless	
Would I get what I want	
I feel very excited	
That's love at first sight	
You noticed me	
Are we on the same wave?	
I wonder what you are thinking	
You know what I mean	
I want to become your girl-friend	
Love is everywhere	

I'm so curious 'bout ya got me frozen catching feels like butterflies I wanna keep it cool

Would I hit bull's-eye? I'm boom-boom from head to toe Lightning straight to mu heart You caught my eye I wonder what's on your mind? Are we on the same vibe? You got me good I wanna be your boo
