The Queen of Chess

The champion chess player, Hou Yifan, was born on 27th February 1994 in Xinghua, China. She first became interested in the game when she was three and her parents bought her a chess set*. Then, at five years old, she began taking lessons with a world-famous chess tutor who encouraged her to play in local chess competitions from the age of six. These gave her experience in playing against others and improved her skill at the game. Amazingly, she won the World Youth Chess Championship for Girls when she was only ten and two years later, she became the youngest person to play in the World Women's Championships. Her success continued when in 2008, at the age of 13, she became the youngest ever Chinese chess champion and the youngest female to become a grandmaster. Then, a few years later in 2010, she won her first Women's World Championship. She also won it in 2011 and 2013 and is the only player in history who has won three world championships before the age of 20. These days, you will find her studying in the School of International Studies at Peking University as well as playing chess professionally. Her chess career still continues and in March 2015, at the age of 21, she was officially named as the best female player in the world. More recently, she nearly beat the Male World Champion, Magnus Carlsen, and many people think that in the future, she may become the world's best chess player.
