

## Writing Alliteration Worksheet

Alliteration is a stylistic device in which a number of words, having the same consonant sound, occur close together in a series.

Example: Peter picked a peck of pickled peppers.

Directions: Add a word from the word box to create alliteration.

|            |        |       |
|------------|--------|-------|
| Friendly   | slept  | apple |
| microphone | straws | fed   |
| dug        |        |       |
