The Boryeong Mud Festival is an annual festival that takes place every summer in Boryeong, South Korea. The festival began in 1998, after scientists discovered that the mud in the area was full of beneficial minerals for the skin, and they developed several kinds of cosmetics made from it. The festival is one of the most popular events in South Korea. Before the festival, people bring mud in big trucks from nearby fields to a local beach and deposit it in what they call a “mud experience land”. People come from all over South Korea, and from as far as the USA, to experience the mud to have fun. There is **a range of** activities to choose from, including mud sliding, mud skiing, mud wrestling and mud massages. There is also colored mud available for body painting, and a health centre where people can go for massages. In the evening there are live concerts. There is also a firework display. The Boryeong Mud Festival is a great festival that contributes to developing the local economy.
