Hi Libby,

I did a circus skills course last week. It was ¹ _____ fun! First, we tried juggling with three balls, and I learned that quite ² _____. In fact, everything was going very ³ _____ until I tried riding the unicycle - you know, the bike with only one wheel. I think I fell off so many times because I was trying to ride ⁴ _____ than everyone else. It seems that if you ride a bit ⁵ _____, it's easier to stay on. Anyway, I'm now in hospital with a broken ankle, so I guess I'll just have to wait ⁶ _____ until I'm better!

Come and see me soon!

Ellie
