

Cyber Caution: Online [redacted] Tips

01

[redacted] and privacy settings matter.

Choose strong passwords and never [redacted] them with anyone else. Regularly check your privacy settings, too.

02

Watch what you [redacted].

Some programs and apps carry malware and try to [redacted] your information. Download content from trusted sites only.

03

Be careful with your [redacted] social life.

Exercise caution with each online interaction so you can steer clear of scammers and fake users. Do not give personal information or send [redacted] photos.

04

Shop [redacted].

Shop from secure websites, and avoid saving your credit card information. Take time to read [redacted] and ask questions when making purchases.

05

Think before you [redacted].

Be mindful of every post you create. Do not [redacted] content you wouldn't want family, friends, and potential employers to see.

Surf safely.
