

Hello!

My friend is Selena. I am 9 years old and I live in Sydney, Australia. Australia is a very big country and Sydney is one of the best places. In Australia you can see kangaroos, snakes and spiders, they are very dangerous!

I live in a big house with my dad Josh, my mum Helen and my two big brothers John and Sam. My mum is a pilot, so she flies around the world every week. My dad works as a teacher in a school and my big brothers are studying in the high school. I am studying in the 4th course and I really love to learn about maths and science, but my favourite subject is IT.

In my free time I love listening to music, especially pop music, Rihanna is my favourite singer. I also like reading comics, going to the cinema and playing the piano. I hate watching romantic movies and I don't like hiking in the mountains. My favourite food is chocolate ice-cream and my favourite animal is the crocodile. That is all about me, if you want to know more about me you are invited to Australia.

See you later,
Selena.
