

## PREPOSITIONS OF PLACE

*Illustration 2: Block Diagram of the Power Train Electronic Control System*

Arrastre las preposiciones de lugar donde correspondan.

1. The variable shift control switch is \_\_\_\_\_ the auto/manual switch for the auto shift control.
2. The torque converter is \_\_\_\_\_ the engine speed sensor and the torque converter output speed sensor.
3. The power train electronic control module is \_\_\_\_\_ the modulating valves.
4. The position sensor (left pedal) is \_\_\_\_\_ transmission direction and speed control.
5. The modulating valves are \_\_\_\_\_ the transmission.
6. The engine speed sensor is \_\_\_\_\_ the engine.
7. The differential is \_\_\_\_\_ the transmission output speed sensor.
8. CAT DATA link is \_\_\_\_\_ ET service connector and the Caterpillar Monitoring System.
