17. A. us	B. ours	C. we	D. our
18. A. also	B. too	C. very	D. not only

IV. Read the passage, then decide if the statements that follow are True - False.

Our oceans are becoming extremely polluted. Most of this pollution comes from the land, which means it comes from people. Firstly, there is raw sewage, which is directly pumped into the sea. Many countries, both developed and developing are guilty of doing this. Secondly, ships drop about 6 million tons of garbage into the sea each year. Thirdly, there are oil spills from ships. A ship has an accident and oil leaks from the vessel. This not only pollutes the water, but it also kills marine life. Next, there are waste materials from factories. Without proper regulations, factory owners let the waste run directly into the rivers, which led to the sea. And finally, oil is from the land. This can be the result of carelessness or a deliberate dumping of waste.

19. People make our oceans extremely polluted. _____
20. Ships drop about 6 million tons of garbage into the sea every year. _____
21. Oil leaking from the vessel doesn't kill marine life. _____
