

Long Island camp

Long Island Camp is a great place and people are really kind. I'm Carlos and I love camping but I admit I'm not very good at lighting a fire or reading a compass. There are air mattresses and air pumps at the camp but you need to bring a sleeping bag, a rucksack and a torch. My best friend María doesn't like camping very much but she's really good at pitching a tent. Actually she hates laying out the bed and she also hates singing around the campfire. Julio loves camping and he is very good at putting in the pegs. He's a genius! Lol
