III. READING: (2.5 points)

Part 1. Read the following passage and then answer true or false. (0.25/each)

Dear Julia,

Last week, our school held the annual sports day. It was full of fun and excitement. We decorated the whole school and the playground with colourful flags and flowers. On that day, the weather was warm and sunny. The students were in many teams. We wore T-shirts in our team colours. At 9 a.m., our principal announced the day open. There were a lot of outdoor activities, such as races, jumps, basketball and football games. I took part in the 100-metre race and won the silver cup. The team from my class won the relay race. My friend, Katrina, won the first position in the long jump. But my other friend, Noah, fell and his leg was injured during the basketball match. The football matches were the most thrilling activities. In the middle of one match, it started raining, but luckily, the rain didn't last long. Our teachers and parents sat along the playground to cheer for us. There were also some food stalls with delicious dishes such as hot dogs, ice cream and sausages. At 5 p.m., our principal gave the closing speech. He congratulated all the students for having a successful day. Then he gave medals and cups to the winners. It was a wonderful day and I totally enjoyed all the activities.

Take care and write to me soon.

Olivia

THE DAILY LIFE OF A JAPANESE TEENAGER

Akari is 13 years old. She lives in Osaka with her family. Every morning, she has breakfast at a low table which is called a 'kotatsu'. She often has steamed rice, miso soup and grilled fish, then she completes her breakfast with a cup of hot green tea. After breakfast, she walks to school. It only takes five minutes because her school is so close to her house. She goes to school from Monday to Friday and sometimes, Saturday and Sunday mornings, too. Her favourite subjects are art and maths. When Akari has free time, she enjoys playing all kinds of sport. Table tennis is her favourite at the moment. She loves table tennis because it's an indoor sport, so she can play whether it's raining or snowing outside. Both her brothers love this sport too, so she usually plays against one of them. It really doesn't matter who wins because the most important thing is having fun. She says people don't need expensive equipment to play table tennis. All they need is a paddle, a ball and a table to play on.
