1. Read the text and solve the questions adding an x in the correct option.

Hello, my name is Albert and through this text I want to decide a plan for the time when I buy my farm. I'm working hard so I think I will have bought a country house by the time of 6 years. The first 6 months I will have inverted my whole money to build a beautiful home for dogs, horses, ducks, hens, and roosters, among other animals. Before I raise the animals, I will have bought a car and I will have decided to work from home as a call center agent, and by 2035 I will have retired. Finally, when I'm 80 I will have enjoyed my life close to my animals and nature as always, I have loved.

a) By what time Albert will have bought a country house?

__ Albert will have bought a farm by the time of 6 months.

__ By the time of 6 years, Albert will have bought a country house.

__ By 2035, Albert will have bought a country house.

b) What Albert will have done before he raises the animals?

__ Albert will have built a home for animals and bought a car before he raises the animals.

__ Albert will have decided to work from home and inverted his money before he raises the animals.

__ Albert will have bought a car and decided to work from home before he raises the animals.

c) What will Albert have enjoyed when he is 80?

__ Albert will have enjoyed his retire from work.

__ Albert will have enjoyed his work, animals, and nature.

__ Albert will have enjoyed his life close to his animals and nature.
