REBECA'S NEW HOUSE

VICKY - Hello Rebecca.

REBECA - Oh hello Vicky.

VICKY - How is your new house?

REBECA - It's great.

VICKY - Is it big?

REBECA - Yes. There are three bedrooms and two bathrooms. There is also a large patio and has a laundry room.

VICKY - Wow! Do you have enough space?

REBECA – Yes it is wide. I already bought the furniture for the living room. I'm already thinking about how to decorate the dining room and I want to buy spotlights for all the bedrooms.

VICKY – Oh great. Tell me more about the parts of your new house

REBECA – Sure. It is a very beautiful house, it has its study, to work daily on office assignments. The stairs are made of very elegant wood. It has an attic where I am going to store useless materials. Its corridors are spacious and bright. The roof has a wooden roof. And there's a great basement, but the highlight is the laundry room.

VICKY- Wow, your house is amazing.
