■ care ■ difficulty ■ entire ■ taste ■ utter ■ wide

Eating in the dark makes food tastier! If you aren't ¹ convinced, try it! 'Dining in the dark' experiences are now ² available in many cities. You need to be exceptionally ³ with your knife and fork, to avoid accidents! At first, eating can be somewhat ⁴ , but after a while, you'll notice that even fairly ⁵ , boring foods become more interesting. Unfortunately, foods you don't like may seem ⁶ repulsive!

5. Choose the correct option: Active or passive.

The Blue Whale

The blue whale is the largest living creature on Earth. Usually these whales find / are found (find) in the cold Arctic and Antarctic oceans, but in the winter they force / are forced (force) to travel to warmer waters for food. It think / are thought (think) that there were once

hundreds of thousands of blue whales, although today only about 1,000 exist. During the last century, blue whales hunted / were hunted (hunt) for food and for whalebone, which used / was used (use) to make women's clothing. In 1930, 30 thousand blue whales killed / were killed (kill) by hunters. Today commercial whaling bans / is banned (ban), and it hopes / is hoped (hope) that one day thousands of blue whales will be seen in the world's ocean again. The mechanism behind modern whale migration debates / is debated (debate) since they are not as specific in their movement patterns as other species, and there is substantial evidence of alternative strategies, such as year-round residency, partial or differential migration, and anomalous habits such as feeding on breeding grounds. It knows / is known (know) that their natural predator is the orca, and whales near the waters of California have been sighted with scars that prove their encounter. Blue whales protected / were protected (protect) in areas of the Southern Hemisphere starting in 1939, and such protection has been extended so much that today they classify / are classified (classify) as *endangered* under the Endangered Species Act and considers/is considered (consider) *depleted* and *strategic* under the Marine Mammal Protection Act. They are definitely a wonder of our oceans!

6. Complete the text using the passive form of the verb in brackets.

Right now, millions of jeans ¹ (manufacture), and by the end of tomorrow, thousands ² (sell). Every year, over 450 million pairs ³ (purchase) in the USA alone. Fashions come and go, but it seems jeans ⁴ (not forgot) anytime soon.

The first jeans ⁵ (produce) in the USA in the late 19th century. Denim cloth ⁶ (use) since at least the 17th century. In the early 20th century, jeans ⁷ (see) mainly as cheap work clothes. In the 1950s, they ⁸ (buy) by rebellious teenagers and became cool. Now, jeans ⁹ (wear) by everyone, including the rich. It's hard to think of a celebrity who ¹⁰ (not photograph) in a pair of jeans.
