Seems like it was yesterday when I..... your face
You told me how proud you ..... but I walked away
If only I ..... what I know today
Ooh, ooh
I would ..... you in my arms
I would ..... the pain away
Thank you for all you've .....
Forgive all your .....
There's ..... I wouldn't do
To hear your ..... again
Sometimes I wanna ..... you
But I know you won't be there
Oh I'm ..... for blaming you
For ..... I just couldn't do
And I've hurt ..... by hurting you
Some days I ..... broke inside but I won't admit
Sometimes I just wanna hide 'cause it's you I .....

And it's so hard to say .....
When it comes to this, ooh, ah
Would you tell me I was .....?
Would you help me .....?
Are you looking ..... upon me?
Are you ..... of who I am?
There's ..... I wouldn't do
To have just one more .....
To look into your ..... And see you looking back
If I had just one..... day
I would tell you how ..... that I've missed you
Since you've been away
Ooh, it's .....
It's so out of line
To try and ..... back time
