

EXERCISE 6

Read and listen to the extracts from the recording. Complete the extracts with between one and three words for each gap.

1. Reduces the chance of accidents – B

That could be a rock or a large stone or even just a large snowball – and you put it there to remind yourself where _____ is. This is so you don't walk on it and _____ when you're outside.

2. Soft branches are best – H

Um, before you shut yourself inside the _____ for the night, do go out and collect some tree branches – branches from fir trees are the best type – as they're _____. You can then place these inside the cave, on top of the flat shelf – the one _____ of the cave and away from the entrance.

3. Piled-up snow adds strength – C

It's a good idea to _____ as much snow as possible over the top of your cave – on the outside, I mean, so it's good and thick. And you can see from the diagram that the pile has formed into a _____ shape. When the snow _____ and becomes really hard, your cave will be less likely to fall in.

4. Allows air in and smoke out – D

If your cave is big and wide enough for you to have a small fire inside, of course you'll need to _____ out. And if you're inside for the whole night, you'll need to let some air in, too. To do this, you'll need to make some _____ .
