

Heather Ramirez and her husband live in California in the USA.
They have got an unusual . They are rattlesnake
catchers! often get into shops and houses. Then the
people Heather and her husband. They the snake and
take it to the wild.

Heather says her job is , but it is more than
other jobs. She is always very . She doesn't touch
the snakes. She uses a special tool.

Today Heather is catching a rattlesnake in a garden. It is
than other snakes she catches, but Heather is . This is not
a job for everyone, but Heather likes helping people and snakes. 'I
just my job!' she says.
