LKPD 5

My holidays

Finally this is the best part,at night my mom told bed time stories and we went sleepy then slept around 1:00 AM' it was a great day ever, we had so much fun I'm not sleepy at all when I woke up in the morning

We went there by a van.
My dad owns a van so we went together as a family .
when we arrived on the beach, first we set up the tent.
then at nights we had some foods. next we made it on the campfire.

Hello I am anna, I really love the beach and so does my family so my parents decided that we should go camping near the beach and stay the whole week! during school holiday.

This is a photo I took of the campfire
